About the Author

Abdulkadir Shehu is a practicing Joomla! trainer in Kuala Lumpur, Malaysia. He is an author of two books on Joomla! website development titled: *“Building Website With Joomla! 1.5 in 60 minutes”* and *“Building Website With Joomla! 2.5: A Game Changer for Young Entrepreneurs”*.

Mr. Shehu works as a full time lecturer in Kuala Lumpur, Malaysia. He holds a BSc. (Hons) in Business Information Systems from the University of East London and Master of Business Administration (MBA) from Anglia Ruskin University. Having worked in the web design and education industry for many years, the experience garnered has been channeled towards educating colleagues, friends and clients about the effectiveness of using Joomla! in website development.

Mr. Shehu has been conducting Joomla! training for companies, business owners, students, and individuals to name just a few, on how to build and maintain their Joomla! websites.

During his free time, he takes pleasure in making new friends and loves sharing his knowledge with others. He is a Nigerian and currently lives in Kuala Lumpur, Malaysia with his family. This is his third book.

You can find him on the web via:

www.akshehu.com

Who should read this book?

- *Students & Young entrepreneurs.*
- *Individuals wanting to learn Joomla! to develop their websites.*
- *Business owners or employees responsible for their company's website.*
- *Web designers looking to expand their service offerings by providing Joomla! sites.*
- *Web Professionals looking to save time by learning from Joomla!*

This book is aimed at anyone who wants to build and maintain an impressive website. For those who are familiar with Joomla!, this book will help you improve the skills and knowledge you may already have of creating Joomla! websites. Even if you are a beginner to Joomla!, just follow instructions as described in the book and trust me you won't have any difficulty understanding the concept of building impressive and high quality websites with Joomla!.

Why choosing Joomla! website development?

Because you do not need to have any technical knowledge or experience in website design to create Joomla! websites. The learning curve is minimal once you master some basic skills; building and maintaining an impressive and high quality websites is easy with Joomla!. Joomla! makes it easy to manage and update content. Once a Joomla! website is set up, it is easy to: Add new webpages, Edit old webpages, Link new webpages to Menus, Upload pictures & Videos.

With this book, it doesn't matter if you are a non-technical person simply looking for a way to create a fast and quality website, Joomla! is the option. There are more than 626,007 Joomla! Forum members and over 7,500 extensions listed in the Joomla! Extension Directory available for you to extend the functionality of your website.

Some of the great things you can do with Joomla!:

- *Small Business websites*
- *School websites & Online Quiz Systems*
- *Community-based portals*
- *E-commerce and online reservations*
- *Corporate websites or portals*
- *Hospital Management Systems*
- *Shipment Tracking Systems*
- *Online magazines, newspapers & publications*
- *Government applications & many more....*

Freedom !!!
is what you get when you
learn Joomla!, because it
empowers you with the
necessary website
development skills to be
self-employed.
