Dear honourable brothers and sisters at University of Nizwa,
Respected HR and Employment unit,

Assalamualaikum Warahmatullahi Wabarakatuh

I am writing to apply for the position of assistant professor of English with an emphasis on linguistics, literature, TESOL, and translation that you advertised in the job listing coded DFL22. I have a Ph.D. in Linguistics / Discourse Analysis, and I'm currently teaching English for intermediate levels at Babil high school in Iraq. My vast teaching experience and my research interests make me an ideal candidate for the open position.

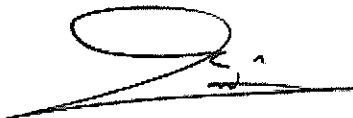

For over twenty-seven years, I have been a lecturer and a teacher of English language in secondary schools as well as colleges and universities, my experience included teaching courses for secondary and high schools that are the anchors of my community, during that time I have also taught higher education level English courses, three years teaching in the Open Educational College in Iraq, and three years online teaching experience at Faculty of Languages at Al-Madinah International University in Malaysia. Notably, all those years of experience I was teaching English as a foreign and a second language (EFL & ESL), for both intermediate levels and for higher education levels.

I am confident in my abilities in creating a classroom environment that accommodates the needs of my students while still promoting a high level of critical thinking and soft skills that allow students to express their thoughts. From my experience of teaching at a higher education level, I know I would thrive as a lecturer at your estimated University. I am ready to transfer my modest experience in education to serve the university in a manner that satisfies its esteemed administration and participate to improve the teaching and learning process and the outcome to its fullest potential. It would be an honour to hear back from you.

Thank you very much.

Kindly, attached is my CV.

Regards,

Shifaa Mohammed Abdullah
