WHO SHOULD READ THIS BOOK?

- Individuals wanting to learn Joomla! best practices.
- Individuals wanting to learn Joomla! to Develop their websites.
- Business owners or employees responsible for their company's website.
- Web designers looking to expand their service offerings by providing Joomla! sites for clients.
- Individuals considering Joomla! for their next project.
- Web Professionals looking to save time by learning from Joomla!

It is impossible to say exactly how many websites run Joomla! But over 25 Million copies of Joomla! software has been downloaded since March 2007. There are 500,000 Joomla! Forum members and over 8,000 Extensions listed in the Joomla! Extension Directory. Joomla! is now the new wave of Technology, Better, Faster, More Efficient and best of all FREE.

This book brings you an easy Step-by-Step Guide to Mastering Joomla! in record time. With this book, it doesn't matter if you are a non- technical person simply looking for a way to create a fast and quality website. Joomla! is the option. The Open source is growing fast and Joomla! leads the charge.

With access to a Webhost/server, a browser and the Joomla! software, you can create your own great website for FREE. Some more great and creative things you can do with Joomla!:

- Corporate Websites or portals
- Online magazines, newspapers, and publications
- E-commerce and online reservations
- Government applications
- Small business Websites
- Non-profit and Organizational Websites
- Community-based portals
- school Websites
- Personal or family homepages and many more....

Without knowing a line of Code, and one of the most interesting things about Joomla! is that you do not need to be a programmer to build a Joomla! website. Read through the entire book and master how to build a Joomla! website in 60 minutes or less.

Abdulkadir Shehu is a practicing Joomla! trainer in Kuala Lumpur, Malaysia.

He holds a BSc. (Hons) in Business Information System at University of East London. Having worked in the web design industry for many years, he has been educating colleagues, friends and clients about the effectiveness of using Joomla! in website development.

Mr. Shehu has conducted Joomla! training for companies, business owners, students, and individuals to name just a few, to help them build and sustain their Joomla! websites. When not working, he takes pleasure in making new friends and loves sharing his knowledge with others. He is a Nigerian but currently lives in Kuala Lumpur, Malaysia. This is his first book.
